Valleylab FT10 Universal ESU Cart – Refurbished

Stock Photo – Options May Vary

FULLY REFURBISHED · CLINICALLY CERTIFIED

Valleylab FT10 Universal ESU Cart – Refurbished. The Universal Generator Cart for the Valleylab FT10 Energy Platform helps surgical teams store their electrosurgical generator. It also provides a reliable, mobile way to transport the unit around the O.R. The FT10 Universal ESU Cart features a flat, stable upper tray that holds the FT10 securely in place.

Sturdy lower trays keep accessories and parts organized and within reach throughout every procedure. This layout supports a cleaner, more efficient O.R. workspace and reduces clutter around the surgical field.

Four heavy duty casters allow smooth, controlled movement across the O.R. floor.

FEATURES

- Stores two ValleyLab generators and one smoke evacuator
- Compatible with all ValleyLab ESU models
- Supports the OptiMumm Smoke Evacuator
- Improves O.R. space efficiency
- Enhances workflow with organized equipment storage

SPECIFICATIONS

- Dimensions: 20.5" x 16" x 31"
