**For use with the Skytron 6300/6302
Stock Photo - Options May Vary*

FACTORY NEW

The Skytron 6300 Standard Series Replacement Set suits low risk patients undergoing short duration procedures. This cushion set uses medium firm, high density foam to deliver steady, reliable support throughout routine surgical cases.

The conductive vinyl cover resists fluids and static while meeting O.R. safety standards.

Facilities choose this standard set when they do not need advanced pressure relief. Standard Series Pad Set Features: 2" thick overall Constructed with medium-firm high-density foam Covered with electrically conductive vinyl Color: Black If you need padding for Bariatric patients or longer cases, or just added patient comfort, take a look at our premium pad for this table here.
