# Tuttnauer T-Top 11 Autoclave

*Stock Photo – Options May Vary*

**FACTORY NEW**

Tuttnauer T-Top 11 Autoclave – New. This autoclave serves small to medium dental and medical clinics. It covers the basic needs of general clinic sterilization while helping boost daily productivity.

In addition, this fully automatic tabletop unit offers strong capacity in an affordable, reliable package. The Class S model uses gravity steam sterilization, while Class B uses a pre/post vacuum method that keeps air from being exhausted during the cycle. Meanwhile, Class S units can upgrade to Class B through a simple USB software update, so clinics don't need to buy a new device.

This unit is plug-and-play, needing only a power source to run.

## FEATURES
