

Berchtold Operon B850/B750 Surgical Table Replacement Pad

Stock Photo – Options May Vary

FACTORY NEW

Berchtold Operon B850/B750 Surgical Table Replacement Pads With 20" or 24" Leg Extension. We offer pads to meet pressure management goals for your O.R. tables, stretchers, arm boards, and other padding needs.

In addition, engineered foams and cover materials give surgical patients the best combinations in the O.R. The pads use several layers of foam to help reduce pressure. No single foam can conform to the body, support it, and keep bony areas from bottoming out.

Moreover, this replacement pad set fits the Berchtold Operon B850 and B750 tables and includes a 20-inch or 24-inch leg extension.

FEATURES

- Choice of 20 inch or 24 inch leg extension
- Multiple layers of foam for support and cushioning
- Conforms to the body for better comfort
- Spreads pressure well during long procedures
- Helps lower the risk of pressure sores
