Winco VERŌ PRC Recliner | 5PRC/6PRC

Stock Photo – Options May Vary

FACTORY NEW

Winco 5PRC/6PRC – VERŌ PRC Recliner with or without Trendelenburg. The Winco VERŌ PRC is the newest addition to its popular infinitely configurable Verō Recliners. Comfortable and convenient for the patient while offering exceptional benefits to the caregiver.

Caregivers can now assist patients with up to 500 lbs at the push of a button with no fear of strain. The VERŌ PRC Recliner is designed to return patients upright from the Trendelenburg position, reducing caregiver injury risks.

A sealed power switch is located on the patient's right side for easy access. Optionally, add a second switch on the left or a wired hand pendant for added patient and caregiver convenience.

FEATURES

• Sealed two-button power switch embedded on the side of the chair (dual switches and wired pendant options available)
• Easy to clean and service
• Durable construction - thoroughly tested to withstand the demands of healthcare environments
• Power return from Trendelenburg (Trendelenburg model only)
• 4-year limited warranty on the power recline control module and actuator motor

SPECIFICATIONS
