MPD Emergency Cart Value Accessory Package | TEP-C

Stock Photo – Options May Vary

FACTORY NEW

The MPD Emergency Cart Value Accessory Package for Standard Carts: TEP-C complements and enhances your emergency cart setup. Furthermore, this value package includes essential accessories to organize and optimize your MBT-524-R Emergency Cart. It provides a practical solution for improving accessibility to critical supplies and tools in emergencies.

Please note: The cart is not included and is sold separately. The TEP-C accessory package equips your emergency cart with vital storage options. It ensures quick access to medical tools and supplies when time is critical.

Additionally, the MPD TEP-C accessory package is the ideal choice for hospitals or emergency medical facilities seeking to enhance the functionality of their standard carts.

Brochure and images are a general overview of the product. Actual product options may vary.
