MPD Anesthesia/Medical Cart Mini Series Accessory Package | TMA-PK

Stock Photo – Options May Vary

FACTORY NEW

The MPD Anesthesia/Medical Cart for Mini-Series Cart Accessory Package enhances the functionality of your mini cart. This accessory package includes everything you need to optimize your mini cart for use in anesthesia or medicine.

It pairs seamlessly with the MMP-524-DB Mini Cart, offering added storage and organizational features. Please note that the cart is not included in this package and is sold separately.

The TMA-PK accessory package provides the essential components for adapting your mini cart to various clinical needs, including anesthesia setups or general medical functions. Additionally, this MPD TMA-PK package ensures that healthcare professionals can maximize the efficiency of their mini cart.
