Blickman Kay Cabinet | 7953SS

Stock Photo – Options May Vary

FACTORY NEW

Blickman 7953SS – Kay Cabinet. Blickman's stainless steel cabinets feature a seamless welded face that prevents dirt collection and provides long-lasting durability with unmatched strength and corrosion resistance.

Their freestanding design sits on four legs with glides or can move easily on casters. The Kay (shown) and Kennedy cabinets feature two separate sections with unlocked or locked compartments.

The Kay Cabinet is designed for efficient storage and easy access, with ample space for medical instruments, supplies, and equipment. Its customizable compartments offer flexibility for various storage needs, ensuring organization and security.
