

NUVO V1000 Surgical Table

FACTORY NEW

NUVO V1000 Surgical Table. For nearly 20 years, our sole focus at Nuvo has been to provide the medical field with the highest quality, most cost-effective surgical lights, tables, equipment management systems, video integration, and other products for hospital operating rooms.

All of which can greatly help you make a difference in the care of your patients. NUVO V1000 Features: an exceptionally sturdy, low-profile base that helps ensure maximum surgeon comfort to reduce fatigue during long procedures.

Additionally, the Nuvo V1000 features unprecedented C-arm access, self-diagnosis with an Instant Error Code display, and a control system that automatically prevents sectional conflicts.
