NUVO V800 Surgical Table

Stock Photo – Options May Vary

FACTORY NEW

NUVO V800 Surgical Table. For nearly 20 years, our sole focus at Nuvo has been to provide the medical field with the highest quality, most cost-effective surgical lights, tables, equipment management systems, video integration, and other products for hospital operating rooms.

As a result, this focus helps make a real difference in the care of your patients. Additionally, the NUVO V800 features an exceptionally sturdy, low-profile base that helps ensure maximum surgeon comfort to reduce fatigue during long procedures.

Furthermore, it offers unprecedented C-arm access, self-diagnosis with an Instant Error Code display, and a control system that automatically prevents sectional conflicts.
