GE MAC 5500 HD EKG Machine – Refurbished

Stock Photo – Options May Vary

FULLY REFURBISHED · CLINICALLY CERTIFIED

The GE MAC 5500 HD EKG Machine (Refurbished) offers both comprehensive 12-lead analysis and built-in interpretation capabilities. Patient data and results are displayed on a 10.4” backlit color AM LCD screen.

It features a full alphanumeric keyboard for easy entry of patient demographics. With one-touch controls for printing, saving, and transmitting data, the MAC 5500 HD simplifies operation and improves workflow efficiency.

Another advantage is that this MAC 5500 HD supports full-page printouts and employs age- and gender-specific interpretation criteria for accurate 12SL diagnoses. Additionally, the MAC 5500 HD includes QRS and P wave signal averaging to enhance the precision of its measurements.

FEATURES

- 10" Color Display
- Marquette Hookup Advisor
- Marquette 12SL with Gender-Specific interpretation
- Simultaneous 12/15-lead acquisition, storage, and assessment
- Internal Modem
