GE MAC 2000 EKG Machine – Refurbished

Stock Photo – Options May Vary

FULLY REFURBISHED · CLINICALLY CERTIFIED

The Refurbished GE MAC 2000 is powered by the proven 12-lead Marquette Analysis Program, delivering fast and accurate ECG interpretation. Furthermore, it provides high-quality resting ECG diagnostics and offers optional stress (strain) ECG capabilities.

The MAC 2000 is designed to boost clinical efficiency and support accurate, timely assessments across various healthcare settings. The GE MAC 2000 is ideal for private practices, busy clinics, and pharmaceutical clinical trials.

Additionally, A user-friendly interface and full keyboard simplify operation for staff. Furthermore, its easy setup reduces training time, helping physicians and nurses use it confidently and efficiently.
