

# Harloff Tall Narcotics Cabinet | NC24C16-DT2

*Stock Photo - Options May Vary*

## **FACTORY NEW**

The Harloff Tall Narcotics Cabinet NC24C16-DT2 provides secure, DEA-compliant storage for controlled medications in medical facilities. The cabinet features a double-door design with inner and outer doors, each equipped with pick-resistant tubular locks and four keys to restrict access to authorized personnel only.

Constructed from durable 20-gauge steel in a vertical configuration, the cabinet measures 24" H x 16" W x 8" D and includes two adjustable or removable shelves for flexible storage organization. The unit is designed to securely bolt to a wall, floor, or other immobile surface using included hardware and predrilled back holes.

This cabinet fully complies with DEA requirements for storing Schedule I and II controlled substances, meeting all regulatory standards for narcotic storage in healthcare settings.
