

Harloff Large Double Door Narcotics Cabinet | NC30D30-BK2

Stock Photo - Options May Vary

FACTORY NEW

Harloff Large Double Door Narcotics Cabinet: NC30D30-BK2. The Harloff NC30D30-BK2 medication storage cabinet provides maximum security for controlled substances in healthcare or pharmacy environments. Constructed from heavy-duty 20-gauge steel, this wide double door cabinet ensures lasting strength and durability.

Its 30" H x 30" W x 10" D dimensions make it the widest narcotics cabinet available from Harloff, ideal for facilities needing extra storage space. Inside, the NC30D30-BK2 includes two sturdy shelves. The lower shelf remains fixed, while the upper shelf adjusts or removes easily to fit various medication sizes.

Each dual door opens with two locks that must unlock simultaneously, ensuring controlled access at all times.
