Steris QDJ-03 Tabletop Blanket Warmer – Refurbished

Stock Photo – Options May Vary

FULLY REFURBISHED · CLINICALLY CERTIFIED

Steris QDJ-03 Tabletop Blanket Warmer – Refurbished. The Steris QDJ-03 delivers reliable heating performance while saving valuable space in your medical department or surgery center. This compact unit measures 26.5″ D x 30″ W x 24.75″ H, so it fits easily on most counters.

It also includes a clear digital display, and it offers over-temperature alarms for added safety and confidence. This refurbished QDJ-03 warming cabinet gives your facility a cost-effective alternative to buying a comparable new unit.

You receive dependable performance, and you also reduce equipment expenses immediately. The unit includes a durable internal rack, and technicians restore each component to excellent operational and cosmetic condition.
