FACTORY NEW

Pedigo P-2010 Blanket/Fluid Warmer Cabinet. The Pedigo P-2010 Blanket/Fluid Warmer Cabinet combines blanket and fluid warming in one efficient, deluxe unit. Its compact design fits easily in clinical spaces while supporting versatile warming needs.

The cabinet features a clear window door, allowing staff to quickly monitor inventory and maintain organized storage. This visibility improves workflow and reduces the need to open the door unnecessarily.

Equipped with a 4-digit LED display, the P-2010 provides precise temperature control for both blankets and fluids. The control lock programming enhances safety, while the auto time programming simplifies scheduling and reduces human error.
