

# Biodex 840 Replacement Pad

Stock Photo - Options May Vary

## FACTORY NEW

The Biodex 840 Replacement Pad is a non-OEM cushion designed specifically for the Biodex 840 imaging table, providing reliable comfort and consistent performance during clinical procedures. The pad measures 97 inches long, 24 inches wide, and 2 inches thick, delivering full table coverage and even support to maintain patient positioning and stability throughout extended procedures.

The durable design withstands frequent use in busy healthcare settings, helping reduce workflow delays and equipment downtime. Two styles are available: a standard rectangular version and a contoured head section with face cutout to accommodate different clinical needs and table configurations.

## FEATURES
