

# Biodex 878 Replacement Pad

Stock Photo - Options May Vary

## FACTORY NEW

The Biodex 878 Replacement Pad is a non-OEM cushion designed specifically for the Biodex 870 imaging table. It measures 97 inches long, 30 inches wide, and 2 inches thick, providing full table coverage and even support during clinical procedures.

This replacement pad improves patient comfort and helps maintain proper positioning during imaging procedures. The durable design withstands frequent use in busy healthcare settings and helps reduce workflow delays and equipment downtime.

Two styles are available: a rectangular version and a version with a contoured head section and face cutout. The pad installs easily as a direct replacement cushion.
