Defibrillator and AED Rentals

Stock Photo – Options May Vary

FACTORY NEW

Defibrillator and AED Rentals Venture Medical has defibrillators and AED rentals available. We clean, calibrate, test for electrical safety, and ensure our rental defibrillators are in good working order. We rent manual defibrillators, as well as AEDs.

All of our rental defibrillators utilize biphasic technology. Furthermore, manual defibrillators all feature pacing and AED options. Additionally, the defibrillators come complete with ECG cable and lead wires, a roll of paper, a start-up supply of ECG electrodes, and one set of new adult therapy pads.

Paddles are available at an additional cost. Furthermore, Additional ECG electrodes and Defibrillator pads can be purchased through Venture Medical or the customer's supplier.
