Winco Pivot Table | PV

Stock Photo – Options May Vary

FACTORY NEW

Winco Pivot Table: PV. A versatile and functional addition to Winco recliners, designed to enhance patient and caregiver convenience.

It installs easily toward the front of the recliner, providing a stable surface for various tasks. The table pivots over the lap for patient use, offering a convenient workspace for eating, reading, or other activities while seated.

For caregiver use, the table can pivot along the side of the arm, ensuring easy access to supplies or equipment while assisting the patient. Made with durable materials, the Winco Pivot Table is built to withstand the demands of medical environments.

Brochure and images are a general overview of the product. Actual product options may vary.
