FACTORY NEW

Burton ALEDFL AIM LED Floorstand w/Casters. Introducing Burton's NEW AIM LED Model ALEDFL, the most exciting revolution in diagnostic examination lighting. The AIM LED uses the latest advances in state-of-the-art lighting technology to achieve incredible performance, unsurpassed value, and energy efficiency.

Additional AIM LED Features: The AIM LED provides 10% more illumination (45,000 Lux at 1 meter) than even the high-performing AIM-50®. A 92 CRI rating produces very accurate color visibility, which is essential for a precise diagnosis.

With ten times greater (20,000 hours) lamp life than traditional light source products, you will save more than $1,000 in bulb replacements. Additionally, the AIM LED uses 55% less energy.

FEATURES

- Efficient LED Light Source
