

Clinton 48"L Laminate Therapy Table w/Hand Crank Height Adjustment | 7445

FACTORY NEW

Clinton 48"L Therapy Table w/Hand Crank Height Adjustment: 7445 (previously 77-45C). Clinton Industries is a true American success story of entrepreneurial fortitude and industry innovation. Started in 1979 by founder and present owner, Robert C.

Bohn, with a singular focus to build a better more affordable treatment table, Clinton industries flourished from a "garage start-up" with a handful of treatment tables to a multi-million dollar industry. Clinton 7445 Therapy Table features an Easy-clean, all-laminate top in your choice of two colors (Maple or Gray), Aluminum and powder-coated base, and Dependable, hydraulic height adjustment.

Note: If no color is selected, the color as shown (Maple 1MP) will be shipped.
