

Aaron Bovie Waterproof Footswitch for ESU / Desiccator 900 and 1200 | A1203- W

FACTORY NEW

Waterproof footswitch designed for use with Aaron Bovie Electrosurgical Unit/Desiccator Models 900 and 1200. The footswitch enables reliable, hands-free operation in sterile surgical environments. Its durable, waterproof construction withstands exposure to fluids and provides precise control of the ESU during procedures.
