Allen Yellofin Stirrup Replacement Gas Spring Strut – New

Stock Photo – Options May Vary

FACTORY NEW

Allen Yellofin Stirrup Replacement Gas Spring Strut, PN: SP0071-1 – New. This aftermarket strut brings back smooth lift performance in worn Allen Yellofin and PAL Pro stirrups. In addition, it gives staff dependable lift-assist control for safe lithotomy setup.

Your team gets precise, steady movement on every case. Built to fit both Allen Yellofin and PAL Pro stirrups, this strut restores easy articulation and simple height changes. Meanwhile, it takes strain off staff during patient positioning.

Swapping the worn unit for this new strut is quick, with better performance right away.

FEATURES

- Restores smooth lift-assist control
- Dependable support for safe lithotomy positioning
- Reduces staff strain during setup
- Quick removal and installation
- Lower-cost alternative to a full stirrup replacement
