

Allen Yellofin Stirrup Replacement Gas Spring Strut - New

FACTORY NEW

Allen Yellofin Stirrup Replacement Gas Spring Strut - New. Restore smooth lift performance with the Allen Stirrup Replacement Gas Spring Strut. This high-quality aftermarket component replaces worn gas spring struts in Allen® Yellofin® and PAL® Pro stirrups. It delivers reliable lift-assist control for safe lithotomy positioning.

Stock Photo - Options May Vary

As a result, your team regains precise movement and dependable support during every procedure. Designed for compatibility with Allen Yellofin and PAL Pro stirrups, this replacement strut restores smooth articulation and effortless height adjustment. Moreover, it reduces staff strain during patient positioning.

You can quickly remove the worn unit and install this new strut to improve performance immediately.
