Allen Yellofin Elite Stirrup Replacement Gas Spring Strut – New

Stock Photo – Options May Vary

FACTORY NEW

Allen Yellofin Elite Stirrup Replacement Gas Spring Strut, PN: SP0071-1 – New. This non-OEM gas spring strut restores smooth lift performance in Allen Yellofin and PAL Pro stirrups. In addition, it gives reliable lift-assist control for safe lithotomy positioning.

As a result, your team regains precise movement and steady support during every procedure. This strut fits both Allen Yellofin and PAL Pro stirrups, restoring smooth articulation and easy height adjustment. Meanwhile, it cuts down on staff strain during patient positioning.

You can remove the worn unit and install this new strut quickly to improve performance right away.

FEATURES

- Restores smooth lift-assist articulation
- Reliable control for safe lithotomy positioning
- Reduces staff strain during patient positioning
- Quick removal and installation
- Affordable alternative to replacing the whole stirrup
