

# Blickman Solution/Blanket Warming Cabinet | 7921TG

Stock Photo - Options May Vary

## FACTORY NEW

Blickman Solution/Blanket Warming Cabinet: 7921TG. The Blickman 7921TG Warming Cabinet delivers versatile heating performance for blankets or solutions. This tall single-door unit stands 74.5 inches high, so it offers generous interior space for busy clinical settings. The open, adjustable shelf design increases flexibility and supports a wide range of warming needs.

In addition, easy-to-use controls sit above the door, which allows quick temperature adjustments during daily workflow. The 7921TG provides strong safety features and smooth operation. It includes an automatic cut-off and a built-in temperature data recorder with a real-time clock.

The self-closing doors use magnetic gaskets and adjustable tension, which improves convenience and efficiency.
