

# Blickman Solution/Blanket Warming Cabinet | 7924TS

## FACTORY NEW

Blickman Solution/Blanket Warming Cabinet 7924TS delivers reliable heat management for busy medical environments. This 74.5-inch cabinet provides two independently heated compartments, and each one supports precise control. You set temperatures through a secure key and pass-code system, and you lock out unauthorized changes.

The cabinet also offers self-closing doors with magnetic gaskets and adjustable tension, so staff maintain smooth workflows. Furthermore, the Blickman 7924TS includes PID digital controllers with stainless steel tactile membranes and full numeric keypads. These controllers supply fast adjustments, and they give clear data feedback.

You also gain over-temperature audible alerts, visual warnings, and an automatic cut-off for added safety.
