AMVEX Oxygen Flowmeter with Chemetron Adapter | FM-15UO-CH

Stock Photo – Options May Vary

FACTORY NEW

The AMVEX Oxygen Flowmeter with Chemetron Adapter: FM-15UO-CH delivers reliable oxygen control for clinical environments. Amvex designs this flowmeter for neonatal through adult care. Additionally, the Thorpe style supports precise oxygen delivery up to 15 LPM.

As a result, clinicians gain consistent performance across multiple care settings with the Amvex FM-15UO-CH. Moreover, Amvex builds this oxygen flowmeter to meet demanding industry standards. The Amvex FM-15UO-CH carries CE-marking and complies with CGA, HCA, ISO, and FDA requirements.

The user-friendly design of the FM-15UO-CH improves daily workflow efficiency. Furthermore, the color-coded inner tube and clear labeling enhance visibility. The no-strip D-shaped knob ensures secure, confident adjustments during use.

FEATURES

- Thorpe style
- 1-15 LPM Oxygen Flowmeter
- Color-coded inner tube and labeling
- Easy to service
- No strip "D" shape knob
