

Mindray DPM6 Patient Monitor – Refurbished

Stock Photo – Options May Vary

FULLY REFURBISHED • CLINICALLY CERTIFIED

Mindray DPM6 Patient Monitor – Refurbished. The Mindray DPM6 Patient Monitor is a great choice for both ambulatory surgical centers and hospitals. Additionally, this reliable multi-parameter monitor features a 12.1-inch color touchscreen for clear, easy-to-read patient data.

Furthermore, an integrated battery backup keeps monitoring going, even during power outages. Moreover, this refurbished monitor covers key parameters such as ECG, NIBP, RESP, SpO2, and temperature. As a result, staff get full patient data in one place.

Specifically, an internal thermal recorder documents data in real time. In addition, this refurbished model offers advanced features at a lower cost than new equipment.
