Edan iM8 Patient Monitor with CO2 – New

Stock Photo – Options May Vary

FACTORY NEW

Edan iM8 Patient Monitor with CO2 – New. The Edan iM8 puts trusted monitoring tools at your fingertips. Its clear readings and strong performance meet basic monitoring needs across many patients.

As a result, it brings easy access to good care for adults, kids, and newborns alike. This iM8 also comes with the Edan G2 CO2 (Sidestream) module, built with a strong water trap design for clear readings. In addition, its iCARB tool uses smart CO2 wave checks to keep results steady and clear, even in busy care settings.

Furthermore, the monitor's high-resolution color screen keeps key data easy to read at a glance.
