

Datex Ohmeda CardioCap 5 Anesthesia Monitor – Refurbished

Stock Photo – Options May Vary

FULLY REFURBISHED • CLINICALLY CERTIFIED

Datex Ohmeda CardioCap 5 Anesthesia Monitor – Refurbished. The CardioCap 5 is one of the most trusted systems for monitoring patients under anesthesia. Its compact design fits many mounting setups with ease, including wall rail, roll stand, and anesthesia machine arms.

In addition, the color screen and simple controls make it a favorite among anesthesiologists across many care settings. This CardioCap 5 covers key checks like ECG, NIBP, SpO2, and temperature for full patient tracking. Meanwhile, its CO2 and 5-agent ID monitoring give clear, complete data during procedures.

A built-in thermal recorder keeps documentation quick and easy for busy OR staff.

FEATURES

- ECG, NiBP, SpO2, Temp, CO2, and 5 Agent Monitoring
- Thermal Recorder Included
- Integrated, Hemodynamic and Airway Gas Monitor specifically designed for operating and recovery rooms
- Proven Datex-Ohmeda intuitive user interface, including anesthesia-dedicated menu logic and alarm philosophy as in all System/5 monitors
- Small and compact for places where space is a premium

SPECIFICATIONS

- Model F-MXG (hemodynamic monitor with airway gas measurement)
- ECG, NIBP, SpO2, and temperature monitoring
- CO2 and 5-agent ID gas monitoring
- Built-in thermal recorder
- Built-in backup battery
