

GE Dash 4000 Patient Monitor – Refurbished

Stock Photo – Options May Vary

FULLY REFURBISHED • CLINICALLY CERTIFIED

GE Dash 4000 Patient Monitor – Refurbished. The GE Dash 4000 Patient Monitor is a reliable, affordable monitor built for accurate patient care. Additionally, the GE EK-Pro arrhythmia program helps staff spot heart rhythm issues quickly and clearly.

Furthermore, the GE Dinamap SuperSTAT gives fast, non-invasive blood pressure readings for efficient patient checks. Moreover, Masimo or Nellcor SpO2 offers accurate oxygen saturation monitoring. As a result, staff get reliable readings across many patient types.

Specifically, the Alaris Turbo Temp thermometer gives quick, accurate temperature readings. In addition, this lets staff deliver full, effective patient care in many settings.
