FACTORY NEW

MCM 410: Standard Drop-Latch Surgical Table Armboard. Mid Central Medical, a trusted American manufacturer, produces the MCM 410 to meet the daily demands of modern surgical teams. Built with precision, durability, and user-friendly functionality in mind, this dependable armboard reflects our commitment to manufacturing high-quality equipment that supports both patient care and clinical efficiency across all operating environments.

The MCM 410 features a convenient drop-on rail design that locks in place using a weighted trigger mechanism. Clinicians can quickly remove the armboard by holding the trigger lock and lifting the outer end.

FEATURES

- Tried and proven armboard
- Armboard drops onto rail and locks by means of a weighted trigger lock
- Armboard releases off the rail by simply holding the trigger lock up and lifting the outer end of the board
- Finger latch trigger on the outer end of the board allowing for 180° lateral adjustment
- Designed with extra strong gear casting to eliminate broken teeth on castings

SPECIFICATIONS

- Armboard Length: 24"
- Armboard Width: 6"
- Armboard Weight: 4.5 pounds
