

Skytron 6001 Surgical Table Replacement Hand Control

Stock Photo - Options May Vary

FACTORY NEW

Replacement hand control for Skytron Model 6001 surgical tables (non-battery operating models). This control unit restores full functionality to tables with non-working or damaged hand controls. The unit features a 19-pin connector that directly interfaces with compatible Skytron 6001 tables.

Designed for reliable performance in the operating room, this replacement control provides the same operational capabilities as the original equipment. Installation is straightforward, with a rail hook for secure mounting during use.

The hand control is backed by a 90-day ship back warranty, ensuring peace of mind with your purchase. Verify that your table uses a 19-pin connector before ordering to ensure compatibility.

FEATURES

- Durable Construction
- 19 Pin Connector
- Rail Hook
- 100% Compatibility
- 90 Day Ship Back Warranty
