

Skytron 3503 Standard Series Replacement Pad Set

Stock Photo - Options May Vary

FACTORY NEW

The Skytron 3503 Standard Series Replacement Pad Set is designed for low-risk patients and short-duration surgical procedures. The pad features 2 inches of medium-firm high-density foam construction covered with electrically conductive vinyl, providing reliable support and safety during routine cases.

The pad set includes a complete Velcro kit for secure attachment to the surgical table. Its waterfall edge construction and fluid-resistant surface help maintain a clean operating environment and extend pad longevity.

The pad is X-ray permeable, anti-microbial, and latex-free, making it suitable for standard surgical applications where basic comfort and protection are required.
