

Standard Stretcher Pad - All Angled Corners - 26" x 78" x 4"

FACTORY NEW

The Standard Stretcher Pad Model SP-5044-A is constructed with quality medium-density foam and features a latex-free, anti-microbial, and fluid-resistant cover designed for patient comfort and durability. The pad accommodates many styles and sizes of stretchers and is recommended for minimally invasive procedures or lower-risk patients.

This model features all angled corners and measures 26 inches wide by 78 inches long with 4 inches of thickness. The pad includes loop Velcro down the center bottom for secure positioning on stretchers.
