

Standard Stretcher Pad - 29" x 75" x 4"

FACTORY NEW

Standard stretcher pad measuring 29" x 75" x 4" thick, constructed with quality medium-density foam and a latex-free, anti-microbial, fluid-resistant cover. Designed to ensure patient comfort while meeting the needs of medical professionals.

Recommended for minimally invasive procedures or lower-risk patients. The pad accommodates many styles and sizes of stretchers with universal corners that fit most North American stretcher models.

Easy to clean and maintain, the antimicrobial cover provides protection against microbial growth and fluid penetration. Pressure-management padding options are available for enhanced patient support.
