

Standard Stretcher Pad - 24" x 77" x 4"

FACTORY NEW

Standard stretcher pad measuring 24" wide by 77" long with 4" thickness, constructed from quality medium-density foam. The pad features a latex-free, anti-microbial, and fluid-resistant cover designed to ensure patient comfort while meeting medical professionals' requirements.

Recommended for minimally invasive procedures and lower-risk patients, this pad accommodates many styles and sizes of stretchers. Universal corners include 2 round and 2 angled cuts to fit most North American stretcher models.

The pad includes loop Velcro down the center bottom for secure positioning. Custom sizing options are available to meet specific facility needs.
