

Standard Stretcher Pad - 24" x 76" x 3"

FACTORY NEW

Standard stretcher pad measuring 24" wide by 76" long with 3" thickness. Constructed with quality medium-density foam and a latex-free, anti-microbial, fluid-resistant cover designed for patient comfort and durability. Universal corners feature 2 round and 2 angled cuts to accommodate most North American stretcher styles and sizes.

Recommended for minimally invasive procedures and lower-risk patients. The pad is easy to clean and maintain, making it suitable for frequent use in medical settings. High-quality material and construction ensure reliable performance.

Loop Velcro is positioned down the center bottom unless otherwise specified. Custom sizing options are available to meet specific facility requirements.
