

Stryker 1711 - Replacement Stretcher Pad - 29" x 76" x 4"

FACTORY NEW

The Stryker 1711 is a replacement stretcher pad constructed from three layers of high-density, high-resilient medical-grade urethane foam. This construction provides outstanding pressure redistribution, postural support, and comfort for patients during transport and care.

The pad measures 29 inches wide by 76 inches long with a 4-inch thickness, making it suitable for standard stretcher applications. Universal corners feature two round and two angled cuts to accommodate different stretcher designs.

The pad is engineered with anti-microbial, anti-static, stain-resistant, and abrasion-resistant properties. It includes a fluid protection zipper guard to prevent contamination and is fire-rated to CA 117 standards.
