Blickman Single-Bay Infrared Scrub Sink | Wall Mounted | 9881SSW

Stock Photo – Options May Vary

FACTORY NEW
Blickman 9881SSW – Wall Mounted Single-Bay Infrared Sink. The 9800 Series Lodi Scrub Sinks feature seamless construction with 1″ covered corners. The bowl measures 9-1/4″ deep at the rim and 18-1/2″ from spout to drain, providing a deep scrub area.

The spout is positioned toward the rear to divert water splash away from the operator. The Blickman 9881SSW Scrub Sink features a sound-deadened underside and double-walled end panels for added durability. The sink houses a stainless steel base that will house an infra-red sensor and knee panels for manual operation.

Additionally, the housing extends 21″ from the basin and hangs 14-1/2″ from the finished floor. Furthermore, the Sink is supplied with wall mounting brackets.
