FACTORY NEW

Blickman 1370SS-RH – Heavy Duty Low Center of Gravity IV Stand. Blickman's new line of 1370 Six-Leg IV Stands with Low Center of Gravity Base are designed for hospital applications requiring multiple pumps or whenever a heavier base is required. The 1370SS-RH also features Eight position rake hook provides ease of use for numerous tubing lines and helps prevent entanglement.

The 1370SS-RH Features: The Tru-Loc™ friction knob secures the height position. The 25-1/4″ diameter base provides stability with heavy-duty 3″ casters. The Blickman 1370SS-RH has a powder-coated steel base for durability.

It adjusts from 52″ to 90″ and holds up to 4 pumps.
