FACTORY NEW

Blickman 7850SS – Ferguson Anesthesia Utility Table w/1 Drawer. Being a popular general-use cart in healthcare environments, Blickman's superior construction includes a supporting channel underneath the top shelf to enhance its strength.

Additionally, it features a positive stop to prevent accidental drawer removal and ball-bearing slides for smooth, easy-sliding drawers. The Table features a stainless steel structure which is both durable and appropriate for a healthcare enviornment.

These thoughtful design elements ensure that the cart remains stable, durable, and functional, even in the most demanding healthcare settings. The cart's robust features make it a reliable choice for efficient supply organization and transport.
