Blickman Solution Warming Cabinet | 7927TG

Stock Photo – Options May Vary

FACTORY NEW

Blickman Solution Warming Cabinet: 7927TG – New. This compact cabinet gives reliable warming in tight spaces. It fits on countertops and tabletops, and the 20-5/8-inch depth makes placement easy in crowded clinical areas.

In addition, the glass door gives a clear view of the contents. The door closes on its own with a magnetic seal, and the adjustable tension gives staff better control during frequent use. Meanwhile, you can add an optional adjustable shelf to organize many solution containers.

The 7927TG has the same quality controls as larger Blickman warmers, so you get steady results without a bigger footprint.
