FACTORY NEW

The Burton SELEDW – Super Exam LED Wall Mount delivers powerful, focused illumination for exams and procedures. It delivers up to 35,000 lux at 1 m for excellent visibility. Additionally, the 4000K color temperature provides clean, natural white light.

A CRI above 95 ensures accurate rendering of tissue and skin tones. As a result, clinicians achieve consistent, reliable lighting across exam rooms and specialty applications. Designed for precision and ease of use, this wall-mounted exam light features a flexible, drift-free spring-balanced arm.

It allows smooth, stable positioning exactly where light is needed. Moreover, handle-mounted controls enable quick power and dimming adjustments during procedures. The fully dimmable range, from 100% to 0%, supports various lighting needs.
