FACTORY NEW

Clinton Adventure Series – Wild West Treatment Table: 7943. Not every child who visits a pediatrician is under the age of 8. Knowing this, Clinton has developed a series of tables that would appeal to older school-age children.

Our Adventure Series of Exam Room Tables takes young patients on photographic journeys that are both interesting and educational at the same time. Clinton Wild West Treatment Table features Clinton's Original Theme, designed for durability and easy maintenance. The exam table has easy-to-clean laminate surfaces, with graphics permanently embedded in the high-pressure laminate to prevent peeling.

The tabletop includes 2" of firm foam padding, covered in premium, stain-resistant vinyl upholstery in Gunmetal.
