Drager Fabius Tiro Anesthesia Machine – Refurbished

Stock Photo – Options May Vary

FULLY REFURBISHED · CLINICALLY CERTIFIED

Drager Fabius Tiro Anesthesia Machine: Refurbished. The Drager Fabius Tiro combines compact design with powerful performance, ideal for settings with limited space. Its space-saving footprint allows you to maximize room while maintaining high-quality ventilation features and flexibility.

This unit undergoes complete refurbishment and a biomedical inspection to ensure reliability and performance. The Refurbished Fabius Tiro anesthesia machine features a clear display and a simple Drager interface for easy use. It supports all major ventilation modes, offering flexibility for different patient needs.

Built-in safety features ensure patient protection during procedures. The trolley moves easily, making it perfect for busy environments that require quick repositioning.
