DuraSonic 1 Gallon Digital Ultrasonic Cleaner | DS360D

Stock Photo – Options May Vary

FACTORY NEW

DuraSonic DS360D 1 Gallon Digital Ultrasonic Cleaner. The new benchmark in benchtop cleaning! Durasonic is the Sound Choice and is Now Available with Ceramically Enhanced Transducers and Lifetime. DuraSonic's Rugged Industrial-Strength Performance gives you consistent quality at a benchtop price.

The driving force is the power source. While industrial stack transducers offer superior reliability, benchtop cleaners use wafer-thin discs for ultrasonic energy. Durasonic brings full-wave 45 kHz Ceramically Enhanced Industrial Transducers to the benchtop line. All units feature 0-30 minute analog or 0-99 minute digital timers.

Additionally, thermostatically controlled heaters enhance efficiency. When comparing benchtop cleaners, focus on features—there is no comparison.

FEATURES

- Digital model with timer, heat, power control, and degas
- Ceramically Enhanced Transducers
- All stainless steel enclosures resist damage from chemical spills and will not crack
- Sweep Frequency 45 kHz
- Adjustable, thermostatically controlled heaters (ambient to 80°C)
