Edan MT-207 EKG Center Pole Trolley (Roll stand) with Basket and Locking Casters

Stock Photo – Options May Vary

FACTORY NEW

The Edan MT-207 EKG Center Pole Trolley is a high-quality, durable solution for your ECG unit needs. Designed with stainless steel, this trolley offers long-lasting strength and reliability. Its sleek, modern design complements any medical facility, providing an organized and efficient workspace.

Featuring locking casters, the Edan MT-207 ensures easy mobility while maintaining stability when needed. The locking mechanism keeps the trolley securely in place during procedures. Its versatile mounting plate is compatible with most Edan ECG units, making it an ideal choice for various medical environments.

The trolley includes a spacious basket, allowing for convenient storage of accessories and supplies.
